

Abstract: Eep! Lost my Sheep! Is an adventure/collect-a-thon where a young shepherd wakes up to find their seven sheep missing! They must go out to the nearby village and surrounding wilderness to find them!

Tone: Light-hearted, laid-back, and a little strange. Doesn't take itself too seriously, Earthbound-esque.

Buttons:

- WASD - Move
- J - Interact/Talk
- K - Whack (Swing your crook to knockback enemies. Doesn't do damage usually)
- Space/Enter - Pause/Inventory (8 inventory slots, can check how many sheep you have)
